Forecast for Wednesday 08 Sep 2021

Weather: Clear skies through the early hours may again allow a few mist and fog patches to develop in the valleys. A mild start and any mist and fog in the valleys will clear readily through morning to leave another very warm day with largely unbroken sunshine. Little change expected through evening.

Chance of cloud free mountain/hill tops above 600m: 100%.

Visibility: Rather hazy with distant features lacking clarity. Visibility may be limited to a few hundred metres in any mist or fog in the valleys through morning.

02:00 on Wed 08 Sep 2021	0.2mm	0.2mm	0.2mm

Forecast for Thursday 09 Sep 2021

Weather: Changeable conditions as very warm, perhaps muggy weather gives way to scattered heavy and thundery showers through the day. Some of these may be briefly torrential, but plenty of sunshine likely between these. Showers fading into the evening.

Maximum wind: South or southeast 15-20mph, but generally much less.

Chance of cloud free mountain/hill tops above 600m: 80% initially, soon falling 40%.

Visibility: Rather hazy through morning then falling to a kilometre or so during passing heavy showers. Areas of cloud will accompany these, mostly above 500m.

Temperature: **Valleys:** Plus 16 Celsius rising to 22 Celsius.
At 600m: Plus 15 Celsius.
Freezing level: Well above summits.
